

LYLE W. KONIGSBERG

CURRICULUM VITAE

Work Address:

Department of Anthropology
109 Davenport Hall, MC-148
607 South Mathews Ave.
University of Illinois at Urbana-Champaign
Urbana, IL 61801

e-mail: lylek (at) illinois (dot) edu

Education:

Postdoctoral Scientist in Genetics, Southwest Foundation for Biomedical Research, San Antonio, Texas, September 1988-August 1990.

Ph.D. in Anthropology, Northwestern University, Evanston, Illinois, June 1987.

M.A. in Anthropology, Northwestern University, Evanston, Illinois, June 1981.

B.A. in Anthropology and Biology, Indiana University, Bloomington, Indiana, May 1980.

Professional Positions Held:

Professor, Department of Anthropology, University of Illinois, Urbana, IL, August 2007 – present.

Professor, Carle Illinois College of Medicine, December 2019 – August 2023

Professor, Department of Anthropology, University of Tennessee, Knoxville, TN, August 2000 – August 2007.

Associate Professor, Department of Anthropology, University of Tennessee, Knoxville, TN, August 1995 – August 2000.

Assistant Professor, Department of Anthropology, University of Tennessee, Knoxville, TN, August 1990 – August 1995.

Postdoctoral Scientist, Department of Genetics, Southwest Foundation for Biomedical Research, San Antonio, Texas, September 1988-August 1990.

Postdoctoral position, Department of Anthropology, Northwestern University, Evanston, IL, September 1987- August 1988.

Service to the Discipline:

Editor-in-Chief, *Yearbook of Biological Anthropology* (2019-2023).

Board Member, FBI Scientific Working Group for Disaster Victim Identification (2010-2014).

Secretary-Treasurer, American Association of Physical Anthropologists (2009-2013).

Vice President, American Association of Physical Anthropologists (2004-2006).

Book Review Editor, *American Journal of Physical Anthropology* (1998-2002).

Program Committee for the Annual Meeting of the American Association of Physical Anthropologists (1998, 1999, 2000, and 2003 meetings).

Student Prize Committee of the American Association of Physical Anthropologists (1999, 2000, 2001 and 2002 meetings).
Associate Editor, *American Journal of Physical Anthropology* (1992-1996, 2004-2008, 2008 - 2009).

Grants and Awards:

National Science Foundation, Biological Anthropology Program. Project Title: Doctoral Dissertation Research: The conditional independence assumption in juvenile dental age estimation. Co-PI, Valerie Sgheiza. April 2022 – April 2023 (\$4,354).

Elected AAAS Fellow, 2021

National Science Foundation, Biological Anthropology Program. Project Title: Doctoral Dissertation Research: Multivariate asymmetry and allometry in skeletal elements for osteometric sorting. Co-PI, Amanda B. Lee. August 2018 – August 2019 (\$6,828).

National Science Foundation, Physical Anthropology Program. Project Title: Doctoral Dissertation Improvement: If and how many "races"? The application of mixture modeling to world-wide craniometric variation. Co-PI, Bridgett Algee-Hewitt. August 2008 – September 2009 (\$12,974).

Science Alliance Award, University of Tennessee. November 1999 (\$5,000).

National Science Foundation, Physical Anthropology Program. Project Title: Maximum likelihood and Bayesian estimation of age-at-death from human skeletal morphology. February 1998 – February 1999 (\$23,327 total costs).

Professional Development Award, University of Tennessee, Knoxville, TN. Project Title: Professional leave to develop a repertoire in molecular genetic techniques. March 1996 - June 1997 (\$5,200 direct costs) (Fall semester leave to Pennsylvania State University).

Faculty Research Award, University of Tennessee, Knoxville, TN. Project Title: Sequence analysis of prehistoric human mtDNA from the Toqua Site, Tennessee. March 1994 - June 1995 (\$4,500 direct costs).

Science Alliance Award, University of Tennessee. November 1994 (\$5,000).

National Science Foundation, Systematic Collections Program. Project Title: Improving conditions for preservation of the human osteological collection. August 1993 - August 1994 (\$59,407 total costs).

National Science Foundation, Systematic Collections Program. Project Title: Conservation assessment for the human osteological collection. December 1991 - October 1992 (\$4,011 total costs).

Faculty Research Award, University of Tennessee, Knoxville, TN. Project Title: Bone density in pedigreed baboons as a model for human osteoporosis. March 1991 - June 1992 (\$5,000 direct costs).

National Institutes of Health, Biomedical Research Support Grant. Project Title: Genetic analysis of bone mineral content in the baboon. June 1989 - May 1990 (\$14,998 direct costs).

Doctoral dissertations directed:

20. Valerie Sgheiza (2023): *The conditional independence assumption in dental developmental age estimation*. [Forensic Anthropologist, Central Identification Laboratory, Department of Defense POW/MIA Accounting Agency]
19. Matthew C. Go (2020): *Sex and ancestry estimation methods in modern Filipino crania (Mga paraang pagsusuri ng kasarian at lahi mula sa bungo ng mga kasalukuyang Pilipino)*. [Forensic Anthropologist, Central Identification Laboratory, Department of Defense POW/MIA Accounting Agency]
18. Amanda B. Lee (2019): *Multivariate asymmetry and allometry in human limb bones as a basis for osteometric sorting*. [Data Scientist at Jellyfish (<https://www.jellyfish.com/en-us/>)]
17. Natalie M. Uhl (2014): *Using multivariate calibration to evaluate hominin brain/body size relationships*.
16. Rebecca Taylor (2013): *Paleodemography of the Larson Site (39WW2) Cemetery: How Age-at-Death Methods Influence Model Estimation*. [Forensic Anthropologist, Central Identification Laboratory, Department of Defense POW/MIA Accounting Agency]
15. Christine M. Pink (2013): *Striking out and digging in: A bioarchaeological perspective on the impacts of the Wari expansion on populations in the Peruvian central highlands*. [Assistant Professor, Department of Pathology, Western Michigan University Homer Stryker M.D. School of Medicine, Kalamazoo, MI]
14. Jonathan D. Bethard (2013): *The bioarchaeology of Inka resettlement practices: insight from biological distance analysis*. [Associate Professor, Department of Anthropology, University of Southern Florida, Tampa, FL]
13. Bridget Algee-Hewitt (2011): *If and How Many "Races"? The Application of Mixture Modeling to World-Wide Craniometric Variation*. [Senior Associate Director of the Institute, Center for Comparative Studies in Race and Ethnicity, School of Humanities and Sciences, Stanford University, Stanford, CA]
12. Kanya M. Godde Chrisco (2009): *Population Structure of Lower Nubia in the Mesolithic-Christian Groups*. [Co-Director, The Social Determinants of Health and Health Disparities Lab, University of La Verne, La Verne, CA]
11. Megan K. Moore (2008): *Body Mass Estimation from the Human Skeleton*. [Associate Dean of the Honors College and Professor of Anthropology, Eastern Michigan University, Ypsilanti, MI]
10. Debra A. Prince Zinni (2004): *Estimation of adult skeletal age-at-death from dental root translucency*. [Forensic Anthropologist and Laboratory Manager, Central Identification Laboratory, Department of Defense POW/MIA Accounting Agency]
9. Angi M. Christensen (2003): *An Empirical Examination of Frontal Sinus Outline Variability Using Elliptic Fourier Analysis: Implications for Identification, Standardization, and Legal Admissibility*. [FBI Laboratory, Quantico, VA]
8. Bradley Adams (2002): *Personal Identification Based on Patterns of Missing, Filled, and Unrestored Teeth*. [Director, Forensic Anthropology, Office of Chief Medical Examiner, New York, NY]
7. Nicholas P. Herrmann (2002): *Biological Affinities of Archaic Period Populations from Western Kentucky and Tennessee*. [Professor, Department of Anthropology, Texas State University, San Marcos, TX]

6. Lori Baker (2001): *Mitochondrial DNA Haplotype and Sequence Analysis of Historic Choctaw and Menominee Hair Shaft Samples*. [Executive Vice President for Aspirational Excellence, Belmont University, Nashville, TN]
5. Nikki L. Rogers (2000): *The Affinity of South Carolina's "Gullah" African Americans: Biological Tests of Cultural and Historical Hypotheses*.
4. Ashley McKeown (2000): *Investigating Variation Among Arikara Crania Using Geometric Morphometry*. [Senior Lecturer, Texas State University, San Marcos, TX]
3. Samantha Hens (1998): *Stature Estimation in Fossil Hominids*. [Professor of Anthropology, Sacramento State University, Sacramento, CA]
2. Samantha Hurst (1998): *Maximum Likelihood and Bayesian Estimation of Skeletal Age-at-Death from the Human Pubic Symphysis*. [Project Scientist, Herbert Wertheim School of Public Health & Human Longevity Science, University of California at San Diego]
1. Lee Meadows Jantz (1996): *Secular Change and Allometry in the Long Limb Bones of Americans from the mid-1700s Through the 1970s*. [Distinguished Lecturer Emerita, Department of Anthropology, University of Tennessee at Knoxville]

Invited Presentations (since 2000, not including job talks):

- Konigsberg, LW. "Bocquet-Appel's contributions to paleodemography", Symposium in memory of Jean-Pierre Bocquet-Appel. Aix-en-Provence, France, July 2, 2019.
- Konigsberg, L.W. "It's not a scandal. It's Statistics", Public Keynote Lecture, Workshop on New Methods in Skeletal Age Estimation, Stanford University, August 6, 2018.
- Konigsberg, LW. "The two E's of forensic anthropology: Or how I learned it's OK to be a Bayesian forensic anthropologist", 14th Annual Chico Forensic Conference, California State University at Chico. Chico, CA, November 4, 2017.
- Konigsberg, LW. Keynote address in a symposium on age estimation cosponsored by the British Association for Biological Anthropology and Osteoarchaeology, Society for the Study of Human Biology. Oxford, UK, December 9-11, 2014.
- Konigsberg, LW. Workshop on age estimation, Society for the Study of Human Biology. Oxford, UK, December 9, 2014.
- Konigsberg, LW. "Migrations in past populations", Conferencia Magistral ("keynote address"), XVII Coloquio Internacional de Antropología Física Juan Comas. Colima, Mexico, November 14, 2013.
- Konigsberg, LW. Workshop on paleodemography, XVII Coloquio Internacional de Antropología Física Juan Comas. Colima, Mexico, November 12, 2013.
- Konigsberg, LW. Paper presented ("Implementing the Rostock Manifesto") as an invited participant in a Max Planck Workshop on Age Determination held at Rostock, Germany, October 8-12, 2007.
- Konigsberg, LW. Paper presented ("The place of race in forensic anthropology") as an invited participant in a symposium on "Race Reconciled?: How Biological Anthropologists View Human Variation," Maxwell Museum and Department of Anthropology, University of New Mexico, May 2007.
- Konigsberg, LW. Invited participant in a Max Planck (Rostock) Workshop on Paleodemography held in Baden, Switzerland, April 6-7, 2006.

- Konigsberg, LW. and S.R. Frankenberg “Migration past and present.” Presented in a symposium on “Migration and Anthropology” organized by Graciela Cabana and Jeffrey J. Clark for the American Anthropological Association meetings, December 2, 2005.
- Konigsberg, LW. Invited discussant for a Max Planck (Rostock) Workshop on Paleodemography held at Lauchheim, Germany, March 17-19, 2004.
- Konigsberg, LW. “The osteological evidence for human longevity in the recent past.” Invited paper presented in a School of American Research Advanced Seminar on “The Evolution of Human Life History,” Santa Fe, New Mexico, November 3-7, 2002.
- Konigsberg, LW., and N.P. Herrmann “The high-dimensional nature of human skeletal ageing.” Invited paper presented in a workshop on “Future Directions in Paleodemography” at the Max Planck Institute for Demographic Research, Rostock, Germany, June 6, 2002.
- Konigsberg, LW., and N.P. Herrmann “Markov Chain Monte Carlo estimation of hazard model parameters in paleodemography.” Invited paper presented in a workshop on “Human Longevity in the Past” at the Max Planck Institute for Demographic Research, Rostock, Germany, August 3, 2000.

19. **Konigsberg, LW** and SR Frankenberg (1992) Estimation of age structure in anthropological demography. *Am. J. Phys. Anthropol.* 89:235-256.
18. **Konigsberg, LW** and JM Cheverud (1992) Uncertain paternity in primate quantitative genetic studies. *Am. J. Primatol.* 27:133-143.
17. Cheverud, JM, LAP Kohn, **LW Konigsberg**, and S Leigh (1992) The effects of fronto-occipital artificial cranial vault modification on the cranial base and face. *Am. J. Phys. Anthropol.* 88:323-345.
16. Blangero, J, S Williams-Blangero, CM Kammerer, B Towne, and **LW Konigsberg** (1992) Multivariate genetic analysis of nevus measurements and melanoma. *Cytogenet. Cell Genet.* 59:179-181.
15. **Konigsberg, LW**, J Blangero, CM Kammerer, and GE Mott (1991) Mixed model segregation analysis of LDL-C concentration with genotype-covariate interaction. *Genet. Epidemiol.* 8:69-80.
14. **Konigsberg, LW** (1991) An historical note on the *t*-test for differences in sexual dimorphism between populations. *Am. J. Phys. Anthropol.* 84:93-96.
13. **Konigsberg, LW** (1990) Temporal aspects of biological distance: serial correlation and trend in a prehistoric skeletal lineage. *Am. J. Phys. Anthropol.* 82:45-52.
12. **Konigsberg, LW** (1990) Analysis of prehistoric biological variation under a model of isolation by geographic and temporal distance. *Human Biol.* 62:49-70.
11. Buikstra, JE, SR Frankenberg, and **LW Konigsberg** (1990) Skeletal biodistance studies in American physical anthropology: recent trends. *Am. J. Phys. Anthropol.* 82:1-7.
10. **Konigsberg, L**, D Falk, C Hildebolt, J Cheverud, RC Helmkamp, and M Vannier (1990) External brain morphology in rhesus macaques (*Macaca mulatta*). *J. Human Evol.* 19:269-284.
9. Cheverud, J, D Falk, M Vannier, **L Konigsberg**, RC Helmkamp, and C Hildebolt (1990) Heritability of brain size and surface features in rhesus macaques (*Macaca mulatta*). *J. Heredity* 81:51-57
8. Falk, D, C Hildebolt, J Cheverud, M Vannier, RC Helmkamp, and **L Konigsberg** (1990) Cortical asymmetries in frontal lobes of rhesus monkeys (*Macaca mulatta*). *Brain Research* 512:40-45.
7. **Konigsberg, LW**, CM Kammerer, and JW MacCluer (1989) Segregation analysis of quantitative traits in nuclear families: comparison of three program packages. *Genet. Epidemiol.* 6:713-726.
6. Falk, D, **L Konigsberg**, C Helmkamp, J Cheverud, M Vannier, and C Hildebolt (1989) Endocranial suture closure in rhesus macaques (*Macaca mulatta*). *Am. J. Phys. Anthropol.* 80:417-428.
5. **Konigsberg, LW**, JE Buikstra, and J Bullington (1989) Paleodemographic correlates of fertility: a reply to Corruccini, Brandon, and Handler and to Holland. *Am. Antiquity* 54:626-636.
4. **Konigsberg, LW** (1988) Migration models of prehistoric postmarital residence. *Am. J. Phys. Anthropol.* 77:471-482.
3. Buikstra, JE, **LW Konigsberg**, and J Bullington (1986) Fertility and the development of agriculture in the prehistoric Midwest. *Am. Antiquity* 51:528-546.

2. **Konigsberg, LW** (1985) Demography and mortuary practice at Seip Mound One. *MidContinental Journal of Archaeology* 10:123-148.
1. Buikstra, JE and **LW Konigsberg** (1985) Paleodemography: critiques and controversies. *American Anthropologist* 87:316-333.

Courses Taught:

At University of Tennessee, Knoxville

ANTH 210 (Principles of Biological Anthropology)
EEB 240 (Human Anatomy)
ANTH 306 (Genetics and Society)
ANTH 450 (Current Trends in Anthropology)
ANTH 480 (Human Osteology) – 2
ANTH 583 (Skeletal Biology)
ANTH 590 (Method and Theory in Biological Anthropology)
ANTH 690 (Selected Topics in Physical Anthropology)
ANTH 695 (Human Gross Anatomy)

At University of Illinois at Urbana-Champaign

Anth 241 (Human Biological Variation)
*Anth 347, 456 (Human Osteology)
Anth 447 (Advanced Skeletal Biology)
Anth 540 (Seminar in Bioanthropology, Quantitative Methods)
#BMS 622 (Human Anatomy I)
BMS 623 (Human Anatomy II)

*Course re-numbered from 456 to 347

Basic Medical Sciences taught in the College of Medicine

Panel Reviewer for:

U.S. Environmental Protection Agency, STAR Graduate Fellowships (1996, 1997, 1998, 1999, 2000, 2001, 2002)
U.S. Environmental Protection Agency, Decision-Making, Valuation, and Environmental Policy Program (August 19th – 20th, 2002)
National Science Foundation, Doctoral Dissertation Improvement Grant Panel for Physical Anthropology (April 30-May 1, 2007; November 26-27, 2007; April 21-22, 2008; November 17-18, 2008; April 27-28, 2009)

External Program Reviews:

Department of Anthropology, University of Utah (December 2010)
Department of Anthropology, Kent State University (March 2012)
Department of Anthropology, University at Albany (March 2012)
